

Meeting 15

12/7 - 6:30pm

Attendance: Nova, Zion, Matt, Nathan, Nate, Nick

Last meeting of the semester! We kept it brief and discussed what we needed to do for our final exam. We are each going to record an audio clip of ourselves presenting different sections of the final project. Nathan will compile them together with a screen capture of our presentation and turn it in. We also turned in the requirements documentation.
