

Meeting 23

3/8 - 6:30pm

Attendance: Nova, Zion, Matt, Nathan, Nate, Nick

Today's meeting was fairly brief. We wanted to generally make progress across the board and get some more functionality set up. Matt and Nate were going to get a remote database setup while the rest of us were going to work on the front end to show Abbey on Monday. Nathan and Zion are going to work on the about and FAQ pages.
