

Meeting 18

2/1 - 6:30pm

Attendance: Nova, Zion, Matt, Nathan, Nate, Nick

We met with Abbey this week and we are ready to get rolling. Nick and Nathan got together to get the website up on Heroku using Abbey's account. We then added everyone else to the Heroku account so they could push, pull and make changes. We noticed that Abbey's Heroku account didn't have full functionality so we will ask Julie if she knows anything about this next week.
