

Meeting 24

3/15 - 6:30pm

Attendance: Nova, Zion, Matt, Nathan, Nate, Nick

We discussed what pieces of the project need to be completed next! The demo is next week and we want to make sure that we have plenty to show. Matt and Nate were able to get a remote database set up, and we want to show that. Nathan, Nova, and Zion are going to work on the coach's profile view as well as adding more functionality to the sign in page so it can be linked to the database.
