

Meeting 15

11/30 - 6:30pm

Attendance: Nova, Zion, Matt, Nathan, Nate

Discussed the possibility of our free trial of Heroku expiring. Luckily Abbey said she would pay for any costs. It is unfortunate that it will have to come down to a payment. We continued to work on the requirements documentation as a group. We plan on presenting the requirements to Abbey on Tuesday for review so we can turn it in by the final deadline. We also discussed how to make our project video. We should have it done by next Wednesday for our last meeting.
